

**Office Design, fit-out and  
refurbishment specialists**  
**“Let us take care of  
your business”**

**We Provide:**

- Design & planning
- Office partitioning
- Suspended ceilings
- Data & electrical
- Complete fitout service

**And supply:**

- Office furniture
- Seating
- Reception area furniture
- Break & canteen furniture
- Custom joinery solutions

**Let us take care of it all****Are you sitting comfortably?**

Here at Mardel we don't believe you can choose a comfortable chair that you will sit on for 5-8 hours a day from a picture in a catalogue.

**Try before you buy**

This is why Mardel stock a large range of sample chairs from standard task operator to specialist posture seating.

Let us bring to your office a selection of chairs for you to try at your leisure for a few days before making your decision on the right chair for you.

All of our office seating range carries a 5 year structural warranty, 2 years on moving parts and upholstery.

We can also remove your old seating and have it recycled at no extra cost to you.

**Mardel Office Interiors:  
designed around you**

**At Mardel, we have a proven reputation for helping businesses improve their performance with tailored interior fit-outs, refurbishments and furniture. We offer competitively priced solutions with complimentary consultation, design, delivery, installation and aftercare. **Exceptional value**

We've built our reputation on providing exceptional service at a highly competitive price. We provide free consultation and support at every stage of your project. From consultation and design through to planning, installation and aftercare, our expert support comes completely free.

## Project Overview

**The client:** WLR Prototype Engineers  
**Site location:** Nottingham  
**Timescale:** 6 weeks

WLR Prototype Engineers have been producing specialist products for the Oil Exploration, Pharmaceuticals and Motor Industry since 1969.

Mardel were tasked by WLR Prototype Engineers to carry out the refurbishment of their new premises at Wilford. They wanted to create an open plan feel which was both contemporary yet functional.

The whole of the ground floor was in need of some serious refurbishment having not been modernised for a number of years.

Internal walls were removed and a new more suitable layout was designed. Floor to ceiling glass partitions were installed to create light and spacious offices. Ceilings were replaced, new bathrooms and disabled toilets were installed alongside new office furniture and a custom built reception counter complete with electronic security shutter.

### Works undertaken:

- New Ceilings
- Partitioning
- New flooring throughout
- New toilets and bathrooms
- New kitchen installed
- Decoration
- Tiling
- Window Blinds
- Electric Shutter

### Project: Customer area/ back office furniture

Mardel were asked to provide a range of furniture that would meet precise performance requirements yet offer great visual appearance. Bespoke designed conference style desks were supplied to allow both staff and customers easy access to the monitor screen to view available properties. Fitted drawers were built into the desks to provide both general storage and to hide cpu's and cables for a clean, tidy appearance. A walnut and silver trim finish was chosen. The waiting area seating from Edge Design's Harmony range in a two tone colour scheme offers superb comfort and modern design.

Nottingham

### Project: Dining Area Refurbishment

EEF Barleythorpe Training & Conference Centre near Oakham have upgraded their restaurant facilities. A contemporary fresh look was required but with practical elements included such as different sized tables to allow a flexible approach to layouts. Mardel suggested a number of options, the final choice offering the required flexibility and occupancy level stipulated by the client. Table tops were chosen in hard wearing Formica complimented by café style steamed beech chairs with vinyl padded seats and backs.
